Users can search for the voucher code and sort by voucher code, discount amount, usage limit, claimed amount, expiration date, and creation date. Once a voucher is disabled or expired, it cannot be reactivated. Users can also search by status, which includes disabled, expired, and active vouchers.

Listing Page - Edit Voucher (Admin)

The screenshot shows the Kawaii Seller Centre Admin interface. At the top, there is a navigation bar with links for Product, Order, Member, Voucher, Category, Staff, and Marketplace. The 'Voucher' link is highlighted. On the right side of the header, there is a user profile for 'KawaiiAdmin' with a small profile picture.

The main content area features a modal window titled 'Update Voucher'. Inside the modal, there are four input fields:

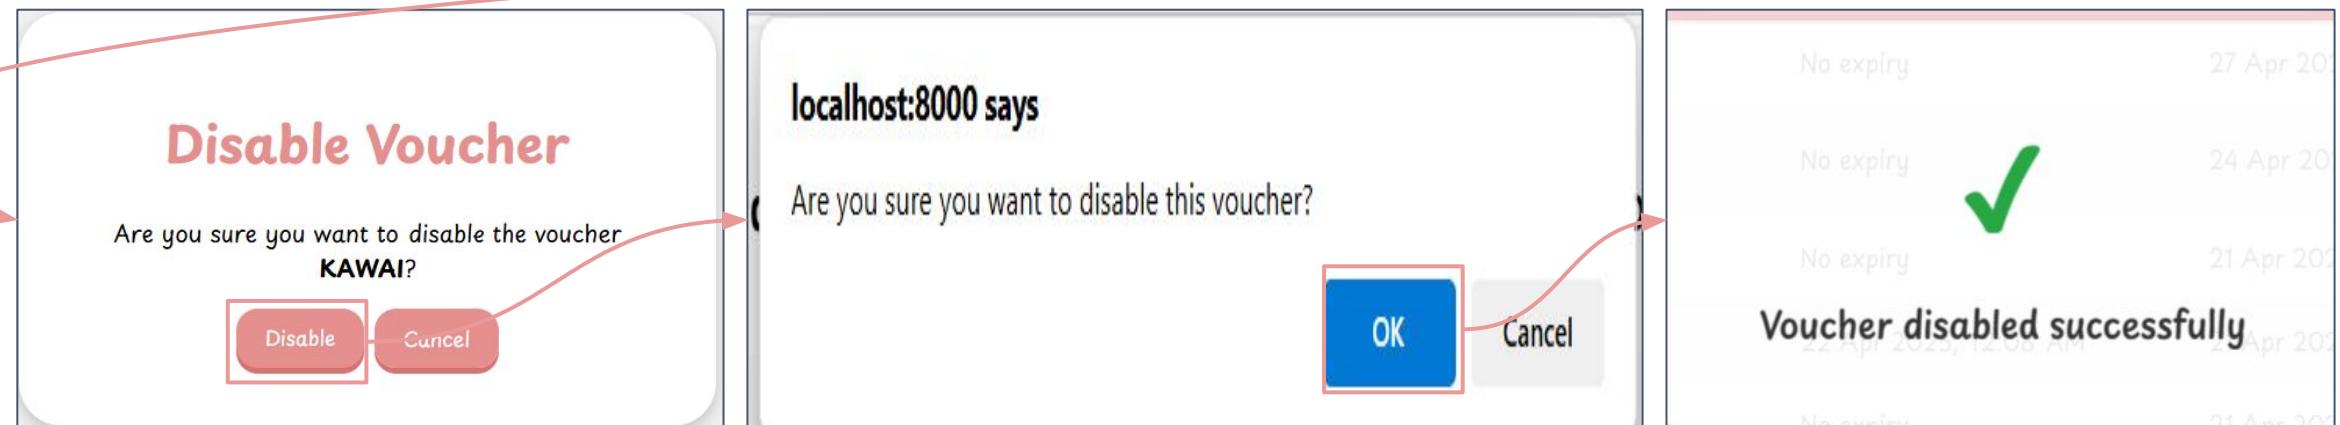

- Voucher Code: KAWAI
- Discount Amount (RM): 20.00
- Usage Limit: 1
- Expiry Date (Leave blank for no expiry): mm/dd/yyyy --:-- --

At the bottom of the modal, there are three buttons: 'Update Voucher', 'Reset', and 'Cancel'.

The voucher can be edited similarly to adding a voucher, but with the existing values pre-filled.

Listing Page - Disable Voucher (Admin)

Voucher Code	Discount Amount	Usage Limit	Claimed	Expired Date	Created Date	Status	Actions
KAWAI	RM 20.00	100000	6	No expiry	27 Apr 2025, 05:43 PM	Active	Edit Disable

Voucher Code	Discount Amount	Usage Limit	Claimed	Expired Date	Created Date	Status	Actions
KAWAI	RM 20.00	100000	6	No expiry	27 Apr 2025, 05:43 PM	Disabled	

When the "**Disable**" button is clicked, a prompt will appear asking if the admin wants to disable the product. Upon clicking "**Disable**", a confirmation pop-up will appear. If the admin clicks "**OK**", a message will briefly appear, stating that the product has been successfully disabled. Once the voucher is disabled, it will be marked as "Disabled" in the listing page and will no longer be active or claimable.
